Al on America

Al Sharpton with Karen Hunter

As founder and president of the National Action Network, The Reverend Al Sharpton has dedicated his life to injustice and discrimination, no matter the personal cost. In the past two decades, his struggle has taken him to the forefront of national voter registration drives, corporate boycotts, the Million Man March, and protests against police brutality.

In this groundbreaking, candid, and necessary book, Al Sharpton delivers his inspiring new vision for change in America - change that is inclusive of all Americans, not just a chosen few.
