RE: COVID-19 Emergency Student Relief Fund - Notification

Since the passing of the CARES Act, colleges and universities across the country have been working through the complexities of administering these funds as directed by the U.S. Department of Education. Like other institutions, Florida Memorial University's administration is also working diligently to finalize its application and procedures to release the Emergency Student Relief Funds on or before May 18th.

Communication regarding student eligibility and award notifications, will only be sent to your FMU email address. Therefore, to ensure accurate delivery of communications and awards information, we request students take the following actions:

- Activate your FMU email address - Information will **not** be sent to your personal email. (We suggest sending a test email to confirm you are receiving messages)
- Confirm your mailing address on file with the Registrar's Office
- Update banking information for direct deposit of funds

Please check the University's website for updated information and links to the emergency funds application. Thank you for your patience and we encourage you to continue to remain vigilant and safe.
