

**Q: When I register for classes am I cleared?**

A: No. You must obtain your financial aid award letter and proceed to the Student Accounts Office for final clearance. Clearance indicates the student has met all financial obligations for the semester either through payment, financial aid, scholarships, payment plan, or a combination of the aforementioned.

**Q: Does FMU have a payment plan for students with balances?**

A: Yes. The balance must not exceed \$2,000 per semester. Contact the Office of Student Accounts for more details.

**Q: If I'm an off campus student, do I have to pay general fees?**

A: Yes. Every student has to pay general fees. General fees cover amenities that every student has access to.

**Q: Why am I charged a late fee if I have registered for my classes?**

A: The late fee is applied after the time frame for late registration has expired.

**Q: Why do I need to sign a promissory note?**

A: A signed promissory note is required to be signed by every enrolled student in order to be cleared by the Business Office. The only exception are students that pay their entire balances in full with cash. The promissory note essentially requires the student to cover any balance in the event that financial aid ends up being denied, or the student ends up being ineligible for a scholarship(s). For a copy of such form, click on the following link [Promissory Note](#).
