

BACHELOR OF SCIENCE

Healthcare

with a Concentration in Community Health

SCHOOL OF
ARTS AND SCIENCES

PROGRAM DESCRIPTION

The Bachelor of Science in Healthcare (BSHC) combines science, data analytics, information systems, management, law, and ethics to equip students to evaluate the human and fiscal resources needed to effectively analyze/assess healthcare systems in an ever-changing industry.

CAREER OPPORTUNITIES

Community health workers advocate for residents' needs with healthcare providers and social service organizations. They implement wellness strategies by collecting data and discussing health concerns with members of specific populations.
